F15

Portable Power Perfection

YAMAHA

Powerhead

For big engine performance, delivered in a small engine package, you can't go past Yamaha's F15 outboard. This low-cycle, 362cc, four-stroke outboard is extremely fuel efficient, while producing powerful and smooth riding all-round performance. This engine includes Yamaha's PrimeStart™, which delivers rapid and efficient starting in all climate conditions.

GENUINE YAMAHA PRIMESTART™

- 362cc four-cylinder engine
- Lightweight and powerful
- Prime start allows for easy hot and cold starts
- Shallow water drive for convenient navigation of shallow water
- Fuel-water cooling device for easy and quiet maintenance
- Comfortable ergonomic shift lever and tiller handle

3 Year

Description

F15LMHA Yamaha 4 Stroke 15hp Long Shaft PORTABLE OUTBOARD FOR SALE

No matter the size or horsepower, Yamaha outboards are built around reliability and innovation. The Yamaha F15 is no exception. The F15 produces excellent low down torque from a lightweight powerhead.

For easy starting, first time every time, Yamaha’s Prime Start System delivers just the right amount of fuel required for combustion according to the engine temperature. The engine will start with just a light pull on the manual starter or by turning the starter-key on electric start model.

A thick and easy-to-hold carrying grip at the front of the engine and plastic handy-grips at the back make the outboards easy to carry, mount and remove. The plastic handy-grips also have a roll support when the outboard is laid down. The latest low profile design looks great on the back of any boat in this class.

Available in:

- F15SMHA- Manual Start, Tiller Handle, Transom height - Standard
- F15LMHA- Manual Start, Tiller Handle, Transom height - Long
- F15SEHA- Electric Start, Tiller Handle, Transom height - Standard
- F15LEHA- Electric Start, Tiller Handle, Transom height - Long
