

F175LB Yamaha 4 Stroke 175hp Long Shaft, Electric Start, Power Trim & Tilt OUTBOARD FOR

FOUR-STROKE F175

Yamaha's popular and proven range of F175 Digital and Mechanical Control outboard now feature a newly designed lock and integrated steering. Taking these engines to the next level when it comes to power, stability and control.

The Integrated Hydraulic Steering system is housed in a neat, sealed cylinder unit, which is built into the transom bracket of the engine, rather than being a third party bolt-on component. This results in a simple and clean rigging set-up, and an uncluttered bilge and transom area, while ensuring less components for the elements for improved long-term durability and stability.

ENGINE FEATURES

- 278cc four-cylinder engine
- In-line design delivers excellent fuel efficiency.
- All new Integrated Hydraulic Steering
- All-new cooling design.
- Built-in 100 limiter.
- Choose Digital Electronic Control (DEC) or Mechanical Control (MC).

SPECIFICATION

Engine Type	Inline 4-Cylinder
Configuration	16 Valve Fuel-Injection Overhead Camshaft
Ignition System	Coil
Max 4-Stroke (cm)	96 x 61.2
Displacement (cm)	278
Rev. Max RPM	5000-6000
Weight	F175B: 23kg F175C: 23kg
Transom Height	L: 55mm (2.2") S: 43mm (1.7")
Steering Method	Integrated Hydraulic
Operation Method	Mechanical Control Digital Electronic Control
Trim & Tilt Method	Hydraulic Power Trim & Tilt
Fuel Induction System	Electronic Fuel Injection
Alternator Output	55A
Gear Ratio	2.0:1
Warranty	3 Year / 1000 Hours

- Mechanical Control with Integrated Hydraulic Steering.
- Digital Control with Integrated Hydraulic Steering.

AVAILABLE ON ALL MC MODELS

Adapter Interface with Y10 Limiter

All new Yamaha outboard MC (Mechanical Control) are now equipped with an adapter device.

This interface also supports outboard shapes. The shape differs on the MC country depending on the situation.

A 100 RPM limiter can also be selected and can be set to the limiter to 100 RPM on the engine.

Integrated Hydraulic Steering

Steering this engine now is controlled not just on the throttle, but also on the steering wheel. The integrated hydraulic steering system is designed to allow the operator to control the engine with a steering wheel, providing a more comfortable and efficient steering experience. The system is designed to be easy to install and maintain.

Available for engine and outboard models.

Available on F175, F175 and F175C Digital and MC models.

Available on F175, F175 and F175C Digital and MC models.

Integrated Hydraulic MC Engine and MC Control

Available on F175, F175 and F175C Digital and MC models.

Available on F175, F175 and F175C Digital and MC models.

Available on F175, F175 and F175C Digital and MC models.

Available on F175, F175 and F175C Digital and MC models.

Description

F175LB Yamaha 4 Stroke 175hp Long Shaft, Electric Start, Power Trim & Tilt OUTBOARD FOR SALE

Yamaha's popular and proven range of F175 Digital and Mechanical Control outboards now feature a newly designed look and integrated steering, taking these engines to the next level when it comes to power, reliability and control.

The Integrated Hydraulic Steering system is housed in a neat, sealed cylinder unit, which is built into the transom bracket of the engine, rather than being a third-party bolt-on component. This results in a simple and clean rigging set-up, and an uncluttered bilge and transom area, while exposing less components to the elements for improved long-term durability and reliability.

This new range of four-cylinder integrated steering models are ideal for all applications, including new boat packages, existing boat repowers and multi engine set-ups.

The modernised F175 outboards bring a new level of delight to boating.

Available in:

- F175LB- Integrated Hydraulic Steering(IHS) for Mech Helm, Power Trim, Tilt & Limiter, Transom height - Long
- F175XB- Integrated Hydraulic Steering(IHS) for Mech Helm, Power Trim, Tilt & Limiter, Transom height - Extra-Long
- F175XCB- Integrated Hydraulic Steering(IHS) for Digital Electronic Control(DEC) Helm, TotalTilt with Tilt Limiter, Transom height - Extra-Long

General Features:

- 4-Stroke, 16 Valve DOHC Direct Action In-Line 4
- Integrated Hydraulic Steering(IHS) for Mech Helm
- Power Trim & Tilt with integrated Tilt Limiter
- Direct Injection - higher reliability and increased performance
- High Output Alternator - 50 amps at wide open throttle or 22 amps at 600 RPM
- Offset Crankshaft - More efficient transfer of power

Price includes:

- Outboard
- Integrated Hydraulic Steering(IHS) for Mech Helm
- Integrated Tilt Limiter
- Water test

Disclaimer

Our company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his agents and/or surveyors to investigate such details buyer desires validated. This vessel is offered subject to prior sale, price change or withdrawal without notice.

- Free prop exchange

Price does not include:

- Yamaha Stainless Steel Shift Dampener System(SDS) Prop
- Yamaha 703 Side Control Box and Yamaha looms/wiring
- 2x Yamaha multi function digital gauges(Tacho and Speedo, Fuel level, Battery level, Trim, Hours, Warnings, etc)
- Battery, Steering, Fuel filter, Fuel tank

Specifications
