

F350XCC Yamaha 4 Stroke 350hp Ultra-Long Shaft EFI OUTBOARD FOR SALE

OUR PRICE: \$38,606

Description

F350XCC Yamaha 4 Stroke 350hp Ultra-Long Shaft EFI OUTBOARD FOR SALE

V8 POWER. THE POWER TO CHANGE TRADITIONAL THINKING.

The Yamaha F350 was the world's first production V8 four stroke outboard and it completely redefined offshore boating.

The combination of the F350's big 5.3 litre capacity matched with variable camshaft timing and advanced electronic fuel injection systems gives power and performance like no other outboard engine in existence.

The F350 has made history, toppled records, inspired boat builders to rethink design and caused offshore boaties to do a double take.

Such has been the reaction, that boat owners are now replacing twins with a single F350. They're saving on fuel and maintenance costs.

And they couldn't be happier.

TAKE A LOOK AT THESE IMPRESSIVE FACTS & FIGURES:

- Maximum power output - 350 horsepower
- Variable camshaft timing to optimise performance matched with sequential multi-point electronic fuel injection system to maximise efficiency
- Electronic throttle with pulse tuned long intake manifold to increase low to mid range torque
- Saltwater XL propellers specifically developed for the F350 produce optimum thrust
- Advanced Digital Electronic Controls operate throttle and shift. It ensures smooth throttle operation and responsive performance
- Despite its huge power the F350 is inherently quiet due to its excellent mechanical balance
- More fuel efficient, quieter and reliable, the F350 is a real alternative to inboard power
- The F350 is compatible with both Yamaha's new High Definition Display and Digital network gauge system, which means you have up to the second information on the operation of your outboard at your fingertips

Brisbane Yamaha has an experienced team of Yamaha-trained service technicians who specialise in outboard fit-outs. We offer exceptional service and have Australia's best Yamaha outboard prices, ask around... we know our customers and we know Yamaha. It is why Brisbane Yamaha is one of Australia's largest Yamaha dealers.

Please note: Yamaha Australia requires that all Yamaha outboards sold must be fitted by the selling Yamaha dealership. This is the only way to protect your warranty and guarantees the best performance from your Yamaha outboard.

Disclaimer

Our company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his agents and/or surveyors to investigate such details buyer desires validated. This vessel is offered subject to prior sale, price change or withdrawal without notice.

- F350XCC- Electric Start, Tilt System - Electric Start, Transom height - Ultra-Long
- F350UCC- Electric Start, Tilt System - Electric Start, Transom height - Super Ultra-Long
- LF350XCC- Couter Rotating Propeller, Electric Start, Tilt System - Electric Start, Transom height - Ultra-Long
- FL350UCC- Couter Rotating Propeller, Electric Start, Tilt System - Electric Start, Transom height - Super Ultra-Long

General Features:

- V8 60 degree
- DOHC / 32 valve with Variable Camshaft Timing (VCT)
- 5.3 Litre (5330 cc) (325 ci)
- Sequential multi-point Electronic Fuel Injection
- Regular Unleaded (Minimum Pump Octane 89)
- In-bank dual exhaust with Power Surge Chambers
- Electronic throttle valve with 8 individual long intake tracks
- 32-bit ECM with integrated coil-in-cap ignition design

Price includes:

- Outboard
- Water test
- Free prop exchange

Price does not include:

- Yamaha SDS stainless steel prop
- Single binnacle control box
- Separate key switch
- 3x Yamaha Top-of-range multi function digital gauges(Tacho and Speedo, Fuel management, Battery level, Trip, Trim, Hours, Warnings, etc)
- Battery, Steering, Fuel filter, Fuel tank
- Fitting(dependent on boat configuration - as a guide \$500 to \$1000 for a single outboard of this size)
- Trim limiter(if required)

Specifications

Engine Type4-Stroke, 32 Valve DOHC Direct Action 60°-V8

Displacement5330 cc

Bore x Stroke94 x 96 mm

Recommended Max RPM5500-6000

Lubrication SystemWet-sump

Fuel ManagementEFI

IgnitionTCI

Starter SystemElectric

Alternator Output12V - 50A with rectifier regulator

Operation MethodDrive by wire remote control

Trim & Tilt MethodPower trim & tilt

Digital Network Guages with Fuel ManagementStandard

Gear Ratio1.73 : 1

OEDA Emission Rating????

Max Fuel Consumption~ 7.3 l/h

Dimensions

Transom LengthF350XCC : 637 mm (25.1 in)

LF350XCC : 637 mm (25.1 in)

F350UCC : 764 mm (30.1 in)

FL350UCC : 764 mm (30.1 in)

WeightF350XCC : 365 kg

LF350XCC : 365 kg

F350UCC : 373 kg

FL350UCC : 373 kg

CDI-E: CDI-Electronic Automatic

CDI-M: CDI-Microcomputer

TCI: Transistor Controlled Ignition

Prices do not include fitting or accessories where applicable.

It is a Yamaha Australia stipulation that all Yamaha Outboards be fitted and personally delivered by the selling Yamaha outboard dealership.
