Description

NEW 2023 EVOLUTION 552 GOLD WITH YAMAHA 130HP FOURSTROKE FOR SALE

Boat owners "in the know", know what an Evolution is, with an enviable reputation as a Fishermans boat, with a layout that is user friendly, hard wearing and long lasting. These boats will outlast anything else on the market, for years to come
It could well be the last boat you will buy, unless its another Evolution!

Bespoke hand laid full fibreglass construction, no composites, no timber in the transom, floor, and stringers. Full fibreglass, built to last
Massive beam, (2.49 mtr),with multiple reverse chines to create lift and energy efficiency, with a ride quality that makes you think it is a much larger boat
You really need to compare the specs in Evolution Boats, to fully appreciate its onwater presence and performance from the advanced hull shape with exaggerated chines, the model length is the real hull length, not the overall length that many builders advertise today, to make you think it is a bigger boat
High quality fittout is the difference, with inclusions like stainless fittings everywhere, and practical layout that was designed for fisherman
Transom built in with King starboard doors access to a raised shelf for batteries, pumps, storage etc
