

NEW Package Quintrex Freestyle 630 Our Pack 4 with a F 175 Yamaha

\$112,890

FOUR-STROKE

F175

Yamaha's popular and proven range of F175 Digital and Mechanical Control outboards now feature a newly designed link and integrated steering, taking these engines to the next level when it comes to power, reliability and control.

The Integrated Hydraulic Steering system is housed in a neat, sealed cylinder unit, which is built into the transom bracket of the engine, rather than being a third party bolt-on component. This results in a simple and clean rigging set-up, and an uncluttered edge and transom area, while keeping the components to the stern for improved long-term durability and reliability.

**ADVANCED POWER PLANT**

- 2180cc four-cylinder engine
- In-line design delivers excellent fuel efficiency
- All-new Integrated Hydraulic Steering
- All-new loading design
- Built-in oil cooler
- Choose Digital Electronic Control (DEC) or Mechanical Control (MC).
