F400-Stroke

All-round Performance

Being in the heart of F4 is a unique four-cylinder, 16-valve design activated by a weight neutral camshaft. The 4 valves per cylinder arrangement has dramatically increased this outboard's volumetric efficiency, effectively transferring more air and exhaust at a more efficient rate.

ENGINE FEATURES

- 190cc four-cylinder engine
- Award winning engine design with class leading power and performance
- Forward control or optional multi-function tiller
- Variable timing for low speed hunting
- Exclusive YDC air filter for maximum combustion protection
- Freshwater cooling for year-round operation
- Available in either NF (Non-Pollutant) White or Signature Grey
- Compatible with Yamaha's Fuel Management (FMS) properties.
