Suburb	Burpengary East	Engine Make	Yamaha

Description

Get ready for endless adventures with the Polycraft 410 Challenger Centre Console, a tough and reliable boat built for anglers and boating enthusiasts alike. With its sturdy, low-maintenance hull and clever design, this boat offers a stable, dry ride thanks to factory-fitted spray chines that improve performance in less-than-ideal conditions. The spacious centre console layout provides easy access all around the deck, while the carpeted floor and handy side pockets add comfort and convenience to your time on the water.

This package is paired with an Australian-made Evolution single axle trailer, custom-built to fit the 410 Challenger perfectly. Constructed from high-quality Australian steel, it features Teflon keel pads, adjustable side skids, and submersible LED lights for hassle-free launching and retrieval. A spare wheel and carrier are included, so you're always prepared for whatever the road throws your way.

Power comes from a Yamaha F40HP 4-stroke engine, known for its smooth operation and fuel efficiency. With forward controls, twin digital gauges, power trim and tilt, and an alloy prop, this motor delivers reliable performance every time. A Yamaha 24L fuel tank with a water-separating filter keeps things running clean, while the hydraulic steering upgrade makes handling a breeze. Navigation is simple with the Garmin UHD2 75CV chartplotter and sounder combo, loaded with Navionics+ maps for Australia and New Zealand. Complete with a marine-grade battery, isolation switch, navigation lights, and a bilge pump, this package is set up for worry-free days on the water. **PACK 1 INCLUSIONS:**
