Description

Built for serious fishing adventures, the Quintrex 460 Renegade Pro TS in unpainted alloy is a tough, no-nonsense rig designed for maximum deck space and functionality. Featuring fully welded top decks and gunnels, this tiller-steer model provides enhanced durability and a clean, open layout for unrestricted movement. With a 4.91m length and 2.21m beam, paired with Quintrex's renowned Blade Hull, this boat delivers superior stability and a smooth ride in rivers, estuaries, and inshore waters

The Yamaha F75HP 4-Stroke Tiller powers this setup, offering smooth and efficient performance with a multifunctional tiller handle, electric start, power trim & tilt, and an SDS alloy prop for reduced vibration. A Garmin UHD2 95SV Chartplotter/Sounder Combo with an upgraded GT56UHD transducer provides ultra-high-definition sonar and preloaded Navionics+ mapping for pinpoint accuracy on the water. A marine-rated battery with an isolation switch ensures reliable power, while a rod storage pocket keeps your gear organized.

Paired with a Quintrex Braked Trailer 1100ATM, this package is built for easy towing, featuring adjustable keel rollers, LED lights, disc brakes, and a swing-up jockey wheel. The Catch and Release Bracket allows for effortless solo launching, while a bow mount thruster plate is included for electric motor installation. Additional features include an extra seat spigot for flexible seating options and a motor support block to protect the tilt assembly during transport. Finished with the latest Quintrex decals, the 460 Renegade Pro TS is ready for any fishing mission.

Images used are of the standard model, not the PRO model. For PRO model inclusions, see features list.PRO PACK INCLUSIONS:
