

QUINTREX 481 CRUISEABOUT Our Pack 1 powered by the Yamaha T60 HP

\$45,490

FOUR-STROKE
T60
High Thrust

The high-thrust T60 has been specifically designed to provide the extra grunt when you need to move big loads such as sailboats and heavy pleasure boats.

Utilising a dual-thrust design the T60 produces twice the thrust of comparable two-strokes within the 2,000 to 3,000 RPM range, while delivering Yamaha's legendary reliability, durability, and efficiency that Yamaha Outboards are renowned for.

The key mechanical difference between the T60 and the standard four-stroke platform is the use of a higher 2.33:1 gear ratio. This allows the T60 to open a much larger propeller, generating more power to the water and resulting in less slippage.

ADVANCED FEATURES

- Higher gear ratio, delivering more thrust for heavier loads.
- Dual thrust propeller delivers instant power in both forward and reverse.
- Precision Multi-Point Electronic Fuel Injection delivers the exact amount of fuel needed for optimum performance.
- Exclusive YSC alloy for maximum corrosion protection.
- Freshwater Rinsing device for easy and quiet maintenance.
- Compatible with all of Yamaha's premium colour and digital gauges.

YAMAHA
PowerSport

ADVANCED FEATURES

Engine Type	Inline 4 - 4 Stroke
Configuration	GM/C
Ignition System	EFI
Water Intake	50 x 15mm
Supercharger	None
Max. Horsepower	5000 (3000)
Weight	11.1kg 61.125kg
