Description

IN STOCK NOW - 610 TERRITORY LEGEND- I'M ONE RIG THAT CAN DO IT ALL!

The Quintrex 610 Territory Legend is built for serious fishos who chase everything from barra in the creeks to snapper offshore. If you love having space to move, cast from any angle, and fish properly without getting in each other's way, the centre console layout is a game changer. It's perfect for mates who fish hard, families who want a tough and capable boat, or anyone stepping up into a larger, more capable rig.

This setup really suits anglers who want to push further — heading out wide on the right days, working reefs, trolling pelagics — but still want the flexibility to duck back into rivers, estuaries, and bays without hassle. The Yamaha 150HP gives you the power and reliability to do it confidently, whether you're loading it up for a big day offshore or just cruising with the family. If you're upgrading from a smaller tinny, chasing more range, more stability, and more room to fish properly — this is exactly the kind of boat you've been looking for. PACKAGE INCLUSIONS:
