

Quintrex 650 TRIDENT F 175 HP Pack 2

\$106,690

F175

Yamaha's popular and proven range of F175 Digital and Mechanical Control outboards now feature a newly designed look and integrated steering, taking these engines to the next level when it comes to power, reliability and control.

The Integrated Hydraulic Steering system is housed in a neat, sealed cylinder unit, which is built into the transom bracket of the engine, rather than being a third party bolt on component. This results in a simple and clean rigging set up, and an uncluttered bridge and transom area, while exposing less components to the elements for improved long term durability and reliability.

ENGINE FEATURES

- 2700cc four-cylinder engine
- In-line design delivers excellent fuel efficiency
- All-new Integrated Hydraulic Steering
- All-new cooling design
- Built-in tilt limiter
- Choose Digital Electronic Control (DEC) or Mechanical Control (MC).
