

Quintrex 660 Trident + Yamaha F175HP - PACK 2 FOR SALE

119,215

F175

YAMAHA
ZenoPro

Yamaha's popular and proven range of F175 Digital and Mechanical Control outboards now feature a newly designed look and integrated steering, taking these engines to the next level when it comes to power, reliability and control.

The Integrated Hydraulic Steering system is housed in a real, sealed cylinder unit, which is built into the transom bracket of the engine, rather than being a third party bolt-on component. This results in a simple and clean rigging set-up, and an unobstructed edge and transom area, while keeping the components in the elements for improved long-term durability and reliability.

ADVANCED POWER PLANT

- 2180cc four-cylinder engine
- In-line design delivers excellent fuel efficiency
- All-new Integrated Hydraulic Steering
- All-new Cooling Design
- Built-in oil cooler
- Choose Digital Electronic Control (DEC) or Mechanical Control (MC)

YAMAHA ZENO PRO	
Engine Type	4-Stroke
Configuration	Outboard
Signature Style	Yamaha
